CLOSED MEETINGS: A closed meeting (C) in Narcotics Anonymous is for those individuals who identify themselves as addicts or for those who are uncertain and think they might have a drug problem.

OPEN MEETINGS: An open meeting (O) is an NA meeting that may be attended by anyone (e.g. professionals, family members) interested in how we have found recovery from the disease of addiction.

NARCOTICS ANONYMOUS IS NOT AFFILIATED WITH THE FACILITIES IN WHICH OUR MEETINGS ARE HELD

NARCOTICS ANONYMOUS...

NA is a non-profit fellowship or society of men and women for whom drugs have become a major problem. We are recovering addicts who meet regularly to help each other stay clean. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. We suggest that you keep an open mind and give yourself a break.

Our program is a set of principles written simply that we can follow them in our daily lives. The most important thing about them is that they work!

We feel that our approach to the disease of addiction is completely realistic, for the therapeutic value of one addict helping another is without parallel. We feel that our way is practical, for one addict can be understood and help another addict. We believe that the sooner we face our problem within our society, in everyday living, just the much faster do we become acceptable responsible and productive members of the society.
